

## ADDENDUM FOR STREAMLIGHT TLR-3® // TLR-4® USP CLAMP

USP compact clamp P/N 69224  
USP full-size clamp P/N 69225

### RETROFIT

Refer to the TLR-3® or TLR-4® instructions for information regarding disassembly. Remove any existing key and the movable side of the rail clamp. Install the appropriate USP adapter for your firearm in place of the movable portion of the rail clamp and reassemble the TLR following the rail key assembly instructions.

NOTE: No key is used with this clamp. A screwdriver can be used (if needed) to securely fasten the e-clip.

**The manufacturer and/or its local official Distributors assume no responsibility for product malfunction or for physical injury or property damage resulting in whole or in part from criminal or negligent use of this product, improper or careless handling, unauthorized modifications, customer abuse or neglect of the product, or other influences beyond Streamlight's direct and immediate control.**
