

The E-Flood FireBox produces diffused light over an entire area using four LEDs with shallow reflectors for a widened beam pattern. An articulating head allows you to aim light where it is needed. Its large push-button switch is easy to use with heavy gloves and a large grip area makes for easy hand-offs.

Flat side allows light to tilt and stand on its own to light up a scene

Handle clearance accommodates heavy gloves, making hand-offs easier

Multi-function, push-button switch features battery status indicator

Ultra-bright blue taillight LEDs ensure you can be seen, even from behind

Two levels of lighting: – High: 1,500 lumens; 137m beam; runs 7 hours 30 minutes – Low: 350 lumens; 63m beam; runs 17 hours 45 minutes
High-impact ABS thermoplastic housing; easy-grip handle
Standard System – International safety orange; includes shoulder strap, AC and DC charge cords, and mounting rack.
Vehicle Mount System – International safety orange; includes vehicle-mountable hard-wired rack and shoulder strap.
11.2 in (28.4 cm); 3.1 lbs. (1389 g)
