MARKET APPLICATIONS: Fire & Rescue, Law Enforcement, Industrial Safety, Public Works & Utilities, Marine

DESCRIPTION: The Survivor® is an intrinsically safe lightweight, hand-held flashlight with right angle head designed for use in hazardous locations. This light features a reduced bezel length to minimize snag hazards and an updated clip design for better attachment to turnout gear. A large button provides gloved access to microprocessor controlled high and low intensity modes, emergency flash and moonlight mode. Smoke Cutter® optic technology offers insertable black or amber plugs for user customizable beam pattern.

CASE MATERIAL: Housing, base and battery housing made from high impact super tough nylon offering exceptional durability. All openings are O-ring sealed for weather resistance. Spring loaded clip with built in D-ring easily attaches to belts and harnesses and reduces unwanted rotation. One way valve for case venting. Available in international safety orange, high visibility yellow or black.
