

PORTABLE SCENE LIGHT III

RUGGED, ALL-WEATHER RECHARGEABLE, SCENE LIGHT

Tripod for additional height and integrated stand for hands-free use

Available Colors: 

Portable Scene Light III is a rugged, waterproof light that delivers high-lumen illumination for demanding job sites and emergency scenes. Twelve wide-pattern LEDs provide uniform coverage, supported by three brightness levels and a head that rotates 360° and pivots 180°. A wireless remote operates all functions from up to 75 feet and pairs easily with multiple lights or replacement remotes. Its modular design works on or off the heavy-duty tripod and supports swappable batteries, AC or DC power sources.

Tripod extends to 7.7 feet with two locking positions, using reversible spiked feet for stability on any terrain. Integrated cradles store spare batteries, a corded power supply and the remote. A built-in carry handle streamlines transport and rapid deployment, making the system well suited for tough environments.

KEY FEATURES

- Waterproof with swappable battery installed for reliable performance in wet conditions
- Wireless remote control (up to 75 ft) with multiple pairing for seamless operation
- Tripod has 3/8" -16 female threads, adaptable for cameras and camera accessories

OUTPUT

	HIGH	MEDIUM	LOW
LUMENS	10,000	5,000	2,500
CANDELA	121,000	61,000	38,000
DISTANCE	696m	494m	390m
RUN TIME	2 hrs	4 hrs	8 hrs

BATTERY

- One SL-P6® 7.26V, 14.55Ahr, 105.63Whr lithium-ion battery pack with on-board safety control circuit
- System fully recharges in 5 hours in charger, or 7 hours in light when connected to power and the light is turned off
- Battery will charge at a reduced rate when operating the light and using power supply
- Battery packs include illuminated charge indicators

MATERIAL/DURABILITY

- Head: high-impact thermoplastic housing
- Tripod: steel and aluminum
- IPX7 waterproof with battery installed
- Tripod has reversible spikes to grip soft ground or use on flat, hard surfaces

DIMENSIONS

HEIGHT

Head: 7.5" (19.1 cm);
 Tripod Collapsed: 37.7" (95.8 cm)
 Tripod Collapsed with Head Attached: 47.5" (120.65 cm)
 Tripod Extended with Head Attached: 100" (254 cm)

WEIGHT

Head: 7.5 lbs (3.4kg)
 Tripod: 13.3 lbs (6kg)
 Total: 23.5 lbs (10.7kg)

WARRANTY

Limited lifetime warranty
