

## PROTAC<sup>®</sup> 2.0 HP

HIGH-CANDELA, HIGH-LUMEN TACTICAL LIGHT

Slide sleeve back to access charge port without having to remove the battery from the light

Available Colors:

The ProTac 2.0 HP strikes an ideal balance between candela and lumens, ensuring both reach and brightness without compromise. With 85,000 candela, it delivers a long-range beam that cuts through darkness with authority, making it effective for distance work. Its high-lumen output provides broad illumination, for full situational awareness in close and mid-range settings.

This combination makes it a versatile tool for tactical professionals, skilled trades technicians, first responders, and security personnel who need reliable, all-encompassing lighting in demanding environments.

Powered by our SL-B50<sup>®</sup> rechargeable battery pack, it maintains consistent performance when visibility matters most.
