

STINGER® COLOR-RITE®

HIGH CRI RECHARGEABLE LED FLASHLIGHT

Available Colors:

The Stinger Color-Rite rechargeable flashlight features Streamlight's Color-Rite Technology® for true color recognition and offers three intensity modes, as well as strobe. The light uses a high Color Rendering Index (90 CRI) LED for enhanced visualization under low light conditions, allowing users to see the color spectrum as they would in natural light. Its softer, warmer beam can help spot subtle details in various applications.
