

TLR-1® HP-X

MULTI-FUEL, HIGH-CANDELA RAIL-MOUNTED LIGHT

Standard Switch

Extended Switch

Front-loading batteries;
rapid battery replacement
without removing the light
from the firearm

Available Colors:

The TLR-1 HP-X delivers a high-candela beam for long-range illumination. Designed for efficiency, its front-loading battery compartment ensures quick, hassle-free replacements. Includes standard and extended paddle switches to match your shooting preference. Multi-fuel options let you choose between two SL-B9® rechargeable battery packs or CR123A lithium batteries.

KEY FEATURES

- **Hinged Face Cap Design:** Equipped with sturdy release controls, the hinged face cap allows for quick, front-loaded battery changes without detaching the light from the firearm
- **High-Candela Beam:** Designed for long-range illumination, this powerful beam enhances visibility in low-light environments
- **Interchangeable Switches:** Users can customize their setup with switch options tailored to different handling preferences
- **Programmable Strobe Mode:** Offers an optional strobe function that can be activated or disabled based on user needs
