

Dear valued distribution partner,

In order to comply with EU markings regulations, it is required that information regarding our EU authorized representative as well as access to our EU declarations of conformity be included with each shipment. Until further notice, please include a copy (6 shown) of the attached statement with any outgoing shipments of Streamlight products currently in your inventory. We are working diligently to ensure that future shipments include this information within the packaged literature.

If you have any questions regarding this procedure or our compliance program in general please reach out to compliance@streamlight.com.

Thank you for your assistance and attention in this matter.
